DETAILED ACTION

Claim Rejections - 35 USC § 103

Claims 7-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over APA in view of Parisi. See paper number 10 for this rejection.

Election/Restrictions

Claims 1-6, 13-15 remain withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 7.

Response to Arguments

Applicant's arguments filed 10/29/03 have been fully considered but they are not persuasive. The examiner never stated that APA shows the solution to the problem discussed in the specification i.e. Parisi shows the solution. Clearly Parisi shows a heated tank to help fluidity of the material. This is the concept being used to modify APA. Concerning the dependent claims, they merely list the materials being worked out and clearly this would have been a design choice only based on the desired product.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 3725

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
